WIND CAUSES DEATH OF HARRY WEYANT

Harry Weyant, a farmer of Osterburg, was killed about noon on Sunday, March 30, when a barn door blown shut by a heavy gust of wind struck him, as he was going into the barn. He was aged forty-nine years.

Mr. Weyant lived with his sister on a farm between Cessna and St. Clairsville at a place known as Cone-maugh. The only one about the farm at the time he was struck, he lay on the ground at the entrance of the barn until 6 o'clock Sunday evening, when the rest of the family returned from a visit at Claysburg.

When picked up, he was dead. Bruises on the back of his head, the temple and side of the face seemed to indicate death was almost instantaneous. He was found by Homer Jokes, a nephew.

Mr. Weyant had, for a number of years, been making his home with the Fetter family, working on the farm. He is survived by one daughter, Mrs. Ruth Balsizer and one son, Bruce Weyant, both of Akron, Ohio. The following brothers and sisters: Anne Corle, of Akron; Mrs. Henry B. Fetter, near Cessna; Charles Weyant, of Sproul and Edward Weyant of Bedford.

Funeral services were held Wednesday morning at the Fetter home, the Rev. John A. Borger, pastor of the St. Clairsville Reformed church, officiating. Interment was made in the Reformed cemetery at Osterburg.

SPONSOR-SMYERS

Mr. Albert H. Sponsler of Akron, Ohio and Miss Bessie G. Smyers, of Everett were granted a marriage license at the County Court House, by Prothonotor G. R. Shuck and were quietly united in marriage at the parsonage of the Methodist Episcopal church on Wednesday afternoon. The ceremony was performed by Rev. J. V. Royer.

Messrs. Oscar Mason and Charles Shaffer, Supervisors of Londonderry Township, were in Bedford Tuesday interviewing the County Commissioners relative to constructing the Willis Creek road. A set of views recommended the court to construct a new road, the object of which was to get away from the creek bottom. The court ordered the Supervisors to open up the new survey, but the Township does not have the funds to carry out the order of the Court, a condition which puts the supervisors in a peculiar position. The Commissioners express a willingness to do what they legally and reasonably can. It seems that the township will have to get a few more orders before it can do anything.

DERRICK & WRIGHT ASSURED OF ROAD BUILDING

Senator George W. Derrick and Representative J. Anson Wright, who have been zealously urging the matter, have received this week from Paul D. Wright, Secretary of Highways of Pennsylvania, a formal statement of the outline of the Department for road improvement for Bedford county at present authorized for 1924.

The leading features of this outline includes:

Route 46, from Everett to Loysburg, Oil-bound Macadam.

Route 47, north from Bedford, construction of durable type of pavement, approximately 10 miles.

Route 286, south from Lincoln Highway, approximately 2 miles, Oil bound Macadam (Clearville Route).

The statement asserts further that in addition there are the following projects using State-aid and Bond-aid funds on the 50-50 basis with the county, which it is proposed to undertake as given below:

Route 46, through Yellow Creek and Hopewell, approximately 7 1-2 miles.

Route 222 from the Somerset County line east, approximately 5 miles (Pleasantville Route.)

Authorizations for survey have been made on these two projects and additional mileage is promised for 1925.

Mrs. Ida Rebecca Newman

Mrs. Ida Rebecca Egulf Newman, a life-long resident of Bedford County, died at her home in Mann's Choice, on Wednesday, April 2, at the age of 64 years, 5 months and 28 days. Death was due to heart failure. Deceased was a daughter of Mr. and Mrs. Wm. Egulf, both deceased and was born at Mann's Choice, October 4, 1859. On February 17, 1881, she was united in marriage with Alfred L. Newman, who with one daughter, Mrs. James Henry survives. She is also survived by two sisters: Mary L. and Ella M. Mrs. Ella Jane Hyde, wife of William I. Hyde, of East Pitt Street, died at the Altoona Hospital on Sunday evening, March 30, at 7:00 o'clock death resulting from a cerebral hemorrhage. At time of death she was 64 years of age. Mrs. Hyde who had been enjoying good health had gone to Curwensville to visit her brother-in-law and sister, Rev. and Mrs. J. V. Adams. The same evening she was suddenly taken ill and was taken to the Altoona Hospital, at which institution she died.

Deceased was born at Bedford and was a daughter of Mr. and Mrs. Vachel Brengle, both deceased, in 1891 she was united in marriage with William I. Hyde, who survives. She is also survived by three sisters and two brothers, namely: Mrs. Ilayden T. Leo, of Bedford; Mrs. A. C. Kintner of Cumberland, Md. and Mrs. J. V. Adams of Curwensville, Pa.; Charles U. If this country is to meet successfully the problems confronting it to day, there must be, first of all, a greater recognition of the spiritual side of life; there must be a more widespread acknowledgment of the obligation we owe to use our power and strength for the general welfare and for the redemption of humanity.

President Coolidge

No Kissing in South Seas.

Another "close-up" finale is being attacked. The South Sea islands are often the scene of romantic stories and scenarios, but a traveler there has remarked on the fact that there are no customs there which include kissing among the savages.

None There.

Those who go into politics for the sake of the game and those who go in for the public welfare will never find common ground.

The Missionary Movement.

Minister (to Happer)—"Would you care to join us in the new missionary movement?" Happer—"I'm crazy to try it." Minister—"Something like the fox-trot?"

MANY CHANGES IN BUSINESS SECTION

There have been a number of changes made in the location of many of the places of business in our town. We will have to get accustomed to these changes, or perhaps we may make some fine mistakes, for instance we may go to H. S. Smith Apparel Co., to buy an electric iron, or some of the ladies may enter the Weisel Variety Store and expect to purchase some dress material or a new hat. We shall all have to reserve a small corner in our heads in which to store a picture of the town as it was before April 1st.

Following are some of the new locations: Mr. Charles Cessna will conduct a restaurant in the storeroom at the inter-section of Richard and Pitt Sts., which was made vacant by Mr. John Line who moved his grocery store into the Smith Cafe. Smiths expect to conduct their business in the Arlington Hotel and in their building which was formerly the McCullough property on West Pitt. St. Maurice Clothing Co., formerly in Hotel Pennsylvania is now located where the Smith Apparel Co., formerly was, the latter having moved into the store room vacated by William A. Weisel Variety Store which is now located in the P. Donahoe Co. room.

Rush C. Litzinger's office is in the Blymer building and the Nicholas Davis barber shop is located in the Richelieu building. The Western Union Telegraph Office and the tailor shop of Lorenzo Di Stefano are located in the Hotel Pennsylvania. Dietl and Whetstone, who recently purchased the Delco Light Co., occupy the room in the Ridenour building made vacant by the Radio Co. The Bedford Produce Company, has moved into the new store room built for them on West Pitt Street. F. I. Horne's plumbing shop is located in the room beneath the Grand Central Hotel. Dr. H. C. Claycomb, Chiropractor, has moved his office to his building on Juliana Street, above the A. & P. Tea Store, formerly the Davis building.

Many family addresses have been changed, as is usual every April, but these are too numerous to mention.

H. F. STONE SUCCEEDS DAUGHERTY

Harlan F. Stone, Ex-dean of Columbia Law School, New York, has been selected by President Coolidge to take Harry M. Daugherty's place as Attorney General of the United States. Stone was a class mate of Coolidge and has a reputation of honesty and integrity. We do not know whether he has any connections with any oil leases or gold mines or not. If he has he will stick for the "big interests" against the poorer classes.

Nothing to Worry About. Scientists say there need be no fear of the sun "dying" too quickly, and of the earth getting cold. The sun's heat will last, they say, for another billion years or so.

SQUIRE KRAMER ROUNDS OUT FIFTY YEARS AS A SUNDAY SCHOOL LEADER

Fifty years of continuous activities in any worthy cause is a record worth while, but when rendered in the better interests of the boys and girls in the Sunday Schools is indeed meritorious.

Squire Kramer, as he is best known, is still active in everyday affairs and every indication points to many years of such service, for even though his unique record of fifty continuous years as a Sunday School teacher would indicate, he is not an old man.

M. H. Kramer, in rounding out a half century of continuous service has a record that very few achieve.

As a mere lad of thirteen years of age, at his home in Centre Valley, Lehigh County, on March 30th, (fifty years to the day on Sunday) he began teaching in a Union Sunday School, where the pupils, who were nearly all German, had to first learn to spell and read before taking up the study of the Bible, and one can see him in a position that would not be much different from our present day students in the primary department of our schools.

He came to Bedford County in the spring of 1882 and entered the employ of J. B. & S. D. Williams of Everett, and the very first Sunday took charge of a class in the Methodist Sunday School. And sometime later in connection with this, taught a Union Sunday School in Black Valley near Indian Springs. After spending two years in Everett, he moved to Hyndman in 1884, united with the Reformed Church and served its Sabbath School in the dual capacity of Superintendent and teacher.

A record such as this, backed up by interest and enthusiasm, caught the attention of the County Sunday School Association, and in 1910 he was made a Vice President of the Association under M. J. Weaver as president. During these years he rendered his county the most efficient and self sacrificing service possible; never was the distance too great, roads too bad, snow too deep for Kramer; never allowed his personal feelings or business to interfere when duty called.

He gave freely of his time and money in holding meetings throughout the county and in arousing folks to the great importance of the Sunday School and in thus laying the foundation for the present well equipped and highly efficient county organization.

For many years the "Squire" has been a regular attendant at the Annual Conventions of the Pennsylvania State Sabbath Schools, and this year Bedford County expects to have him enrolled at the State Convention who present a service medal to all in the state who have had fifty years continuous service as a teacher in the Sunday School, and what a joy for any man, not only to receive this recognition from the State Association, but for the thought of half a century of such service in such a cause.

His friends and co-workers throughout the county wish to congratulate him on this, his fiftieth service birthday, and to wish him many happy returns.

The carrion crow, like many of our wild birds, is loyal to his mate as long as she lives. The swan mates for life. If one of the pair dies the other never remarries. A pretty respectable social life exists among birds.

NOTICE

Bedford County Pomona Grange No. 24 will hold their annual picnic in William Herschberger's grove near Cessna on Saturday, June 26. Definite arrangements will be announced later.

Mr. Will H. Hays, President of the Motion Picture Producers and Distributors of America, Inc., declares himself on the side of the humane society and against all cruelties in film making.

BEDFORD'S HIGHEST WATER IN YEARS

Last Saturday was Bedford's flood day. The rains Friday night and the warm weather caused the snow which was about two feet deep on the mountains to melt rapidly. This swelled the streams to such a proportion that the river became bank full in no time and about three o'clock in the afternoon the water broke over the banks and flooded all the flats. All around the station was water, covering the space around the wholesale house of Blackburn and Russell causing the people to move out or up. The Electric Light plant was put out of commission when the water came rushing in at its doors and the Kuhn Furniture Factory was completely surrounded. The houses on north side of East Penn from the Hoffman Garage down were standing in water on the lower floors. The flood formed a sea of water from the station down to the Narrows bridge where the union with Dunning's Creek caused a back up over the Dauler farm and all that territory. It was a beautiful sight yet there was much loss and damage of property and much inconvenience caused. Schover's Run was rising covering the flat from the Springs and above to the Lincoln Highway to Schover's bridge below town.

While Bedford suffered much, we did not suffer like Cumberland and other towns along the Potomac River. That loss and damage is estimated at \$6,000,000.

COMMONWEALTH OF PENNSYLVANIA DEPARTMENT OF HIGHWAYS

Harrisburg, March 20, 1924.
Jere C. West, Secretary,
Bedford County Automobile Club,
Hotel Pennsylvania,
Bedford, Pennsylvania.

Dear Sir:

Responding to your letter of March 15 to Secretary Wright, I wish to advise that our construction program for this year contemplates three sections on Route 47: the southern one, consisting of two sections, beginning at the end of the present hard surface road, north of Bedford, and running to the vicinity of Osterburg. The third section begins at the Bedford-Blair County line and runs to Claysburg. This program was decided upon early this year and plans are being prepared to carry it out.

I note your reference to Route 47 south of Bedford and wish to advise that we expect to undertake construction work on Route 48 either during 1925 or 1926.

Yours very truly,
(Signed) W. H. Connell,
Engineering Executive
and Deputy Secretary of Highways

EXPLANATION

The Bedford County Automobile Club is in receipt of papers showing that bids will be opened on the 8th instant covering about five miles of Route 47 in Bedford County (nearest Bedford) and about two miles in Blair County as mentioned above; and bids for the remaining section on Route 47, as indicated above, will be received in the near future.

This road work will extend to a point just north of Osterburg, in Bedford County, and will begin at the County line and fill the gap in Blair County up to Claysburg. This will leave slightly more than six miles on this Route, in connection with which every effort is being made to get consideration this year or early next.

The Club also has information concerning several Secondary Routes on which considerable work of a substantial nature will be done by the Department in cooperation with the County, but inasmuch as this information should come from the office of the County Commissioners, no reference is made to it here.

SIX MILE RUN

We were all certainly surprised when we arose on April 1st and found quite a snow, it sure was fools day.

Mrs. William Tipps spent the week end with friends and relatives in Saxton.

A car load of our young fellows undertook to go to Saxton on Sunday. There had been no car through since the high water, but one of our popular young boys said he bet his fford could go through it, but little "lizzy" couldn't make it this time, ha! ha!

Messrs. Marshall Stunkard and Charles Edwards left Sunday morning for Detroit, Mich., where they expect to find employment.

David Figard, who is attending High School, spent several nights last week at the home of his aunt Mrs. Clara Smith.

Why?

Why are we asking for higher rates at a time when everyone is hoping and looking for lower prices generally?

When we adopted our present rates we had some 600,000 telephones in Pennsylvania. Most of the plant for their operation was installed at prices averaging those of 1912 and 1913 for labor and materials, and these rates were calculated to allow a fair return on that investment.

Since May, 1920, we have put in

half a million telephones (for a net gain of 200,000), and all of them, including the additional new plant required for their operation, at the new cost levels.

Telephone plant wears out. All replacements, too, have been made at these higher prices.

In the next five years we must put in 925,000 new telephones, gross, to meet the demands of the people of Pennsylvania for service.

Here is the point!

Telephone rates made in 1920, when the investment was \$137 per telephone in service, do not provide an adequate return today, when the investment is \$177 per telephone in service, and constantly increasing.

A reasonable increase in telephone rates is necessary in order to attract the tremendous amounts of new capital now required, not only to meet the demands for expansion, but also to keep up the existing service.

Lesson for April 6

THE KINGDOM RENT ASUNDER

LESSON TEXT—1 Kings 12:1-33.
GOLDEN TEXT—"Pride goeth before destruction, and an haughty spirit before a fall."—Prov. 16:18.

PRIMARY TOPIC—The Story of a Foolish King.
JUNIOR TOPIC—Rehoboam's Folly.
INTERMEDIATE AND SENIOR TOPIC—The Division of the Kingdom.
YOUNG PEOPLE AND ADULT TOPIC—Why the Kingdom Was Divided.

The kingdom so gloriously administered in David's time reached its climax in the time of Solomon. Solomon was led astray through the influence of his heathen wives, and the kingdom had begun to wane. God had expressed his indignation toward him and made known the fact that the kingdom was to be rent from him, yet not in his time, but in the time of Rehoboam (1 Kings 11:9-13).

I. The Demand of the People (vv. 1-4).

This was occasioned by the burden of excessive taxation and enforced labor, which was required by Solomon in order to build costly houses and temples for his heathen wives. Owing to the multiplicity of his wives, this became very burdensome. They promised loyalty to him on the condition of lightened burdens.

II. Rehoboam's Foolish Decision (vv. 5-15).

1. Rehoboam Consulted With the Old Men (vv. 5-7). These were men of experience who had been Solomon's advisers. They advised that the people's request be granted.

2. Rehoboam Consulted the Young Men (vv. 8-11). These young men had grown up with him, possibly were his half-brothers, sons of Solomon's many wives. Being thus brought up in the luxury of the harem, they were ignorant of the legal right of the people. Therefore, they advised even that the burdens be increased.

3. Rehoboam Followed the Advice of the Young Men (vv. 12-15). At the appointed time he announced his purpose to the people. He even answered them roughly, asserting his purpose to increase their burdens and sorrows.

III. The Revolt of the Ten Tribes (vv. 16-24).

Upon Rehoboam's announcement of his rash purpose, all Israel cried out, "What portion have we in David? . . . to your tents, O Israel."

1. Rehoboam's Attempt to Collect Tribute (vv. 18, 19). Adoram, his tribute gatherer, was stoned to death. So violent was the opposition on the part of the people that Rehoboam had to flee to Jerusalem to save his life.

2. Jeroboam Made King Over Israel (v. 20). They seemed to have lost no time in selecting a head so as to be strong in their opposition to Rehoboam.

3. Rehoboam's Attempt to Compel the Ten Tribes to Return to David (vv. 21-24). To effect this, he assembled his army of 150,000 men. Through the prophecy of Shemaiah, which forbade them to go against their brethren they were persuaded to return.

IV. Jeroboam's Scheme to Unify the Ten Tribes (vv. 25-33).

1. He Established Calf Worship (vv. 25-30). His pretext for this worship was his fear lest the religious unity should heal the political separation. His fear was that the people would go back to Jerusalem to worship and therefore would gradually be led to acknowledge allegiance to Rehoboam and his own life would be taken. He was too shrewd a politician to do away with religion. He knew that religion was a powerful factor in man's life. The prevailing religion of the world today is a political one. It is used as a sort of cement to hold together people and political interests.

2. His Scheme of Worship (vv. 31-33).

(1) He built houses and high places (v. 31). This was against the direct command of God. God had directed His people to destroy the high places, to break down the idolatrous centers.

(2) He made priests of the lowest of the people (v. 31). God had set aside the tribe of Levi to fill the office of priesthood. In this again he disobeyed God.

(3) He changed the day of the Feast of the Tabernacle (v. 32). The time of this feast was set by the Lord (Lev. 23:33, 34). Jeroboam argued that the change in the time would be better suited to their northern climate, but God who made the climate ordained the time of the feast. It was his business, therefore, to obey God.

(4) Jeroboam himself intrudes into the priest's office. This act of presumption on his part was the climax of his godless acts, which all grew out of his wicked heart.

A Good Policy

For this is my aim. I hold that the party receiving an obligation should ever remember it, the party conferring it should forget it immediately, if one is to act with honesty, the other without meanness.—Hippocrates.

Are Found Together

Property of thought, and property of action are commonly found together. Obscurity and obscurity are two great fruits of style.—Macaulay.

WHAT MY NEIGHBOR SAYS

As of Interest to Bedford Folks.

When one has had the misfortune
to suffer from headache, dizziness,
drowsiness, urinary disorders and
other kidney ailments—and has found
relief from all this sickness and suf-
fering, that person's advice is of
untold value to friends and neigh-
bors. The following case is only one
of many thousands, but it is that of
a Bedford resident. Who could ask
for a better example?

Miss Mary Wise, 117 Spring St.,
says: "I had a steady, heavy pain in
my back and when I stooped, I was
taken with sharp, stabbing pains. I
became dizzy and dark specks ap-
peared before me. Mornings when I
got out of bed, my muscles ached
and I had a tired-out feeling. My
kidneys were weak and didn't act
regularly. I got a box of Doan's Pills
at Heckerman's Drug Store. Before
I had used all of it, I was cured and
have had no occasion to use Doan's
since."

Miss Wise is only one of many
Bedford people who have gratefully
endorsed Doan's Pills. If your back
aches, or your kidneys bother you,
do not simply ask for a kidney reme-
dy, ask distinctly for DOAN'S
PILLS, the same that Miss Wise
has so recently backed by home
testimony. 60 cents at all dealers.
